13 1/2

F. D. "Jack" Shaw, Social Credit candidate for the Red Deer Constituency, and member of the House of Commons for ~~nine~~ years, has had a distinguished parliamentary career. On committees where he has served effectively, and in the Commons where he has displayed courage and keen debating ability, his weight has been felt.

He has never hesitated to support measures considered to be for the common good or to raise his voice in opposition to those considered to be detrimental to the public interest. At all times he has been ready to carry the problems of his constituents to the floor of parliament.

During his <sup>3</sup>two terms of office Mr. Shaw has fought consistently for such vital issues as a long-range agricultural policy, a modernized financial system, adequate national labor legislation, revisions to the Old Age Pensions Act, provision for the physically incapacitated, voluntary national health insurance, federal aid for education, a realistic foreign trade policy, revision of Canada's freight rate structure, and orderly development of our national resources. He has championed the cause of our ex-servicemen and women and has always displayed a keen interest in their welfare. He has vigorously opposed Communism, centralization, oppressive and discriminatory taxation, and government intrusion upon the field of private business.
