

*Mayland Hts Y.P. Brigade - May 30/72*

1. What chief diff. bet. you and a monkey? None?  
Much? Both like peanuts? Scratch a bit? Climb trees?  
Illus:- God has sense of humour..made monkeys..some men.  
Believe you sprang from monkeys? Or like Irishman..  
"We never sprang from anything..we always spring at 'em."  
If you bel. from monkeys..hopelessly out of date. No  
MODERN evolutionist believes that..even though Darwin did.  
These notions CHANGE..in vast endeavour to fit in with  
new ideas.
2. You are vastly diff. from animal. You have sense of  
history..appreciation of future. No animal has..YOU HAVE..  
..if human. How getting along? Man is insatiably curious  
about where from..where going. So seeks for truth..in  
both material and spiritual realms...and finds two great  
sources available at once..SCIENCE..BIBLE. And sometimes  
get into confusion...wonder which right..or both...???  
What you think of this? If Bible WORDS of God..and true  
science revealing WORKS of God..they ought to agree.  
Truth always agrees with truth..of necessity.  
BUT.... There is a third element...I Tim. 6:20.  
In Paul's day..and ours. A pseudo-science...brought  
into being by men who are basically anti-God...  
AND THAT FALSE SCIENCE MUST OF NECESSITY DISAGREE,, , .....  
Don't expect otherwise. If it didn't..something wrong.

3. Let me begin with Bible. Scarcely necessary to say  
that Bible teaches that a Supreme, Intelligent, Personal  
GOD..by own power..out of own energy..CREATED...Gen. 1:1  
...and over 100 scrip. thru. Bible..to Rev..tell same.  
Heavens..earth..sea, land..atmosphere..sun, moon, stars..  
all vegetation..all sea life..all animals..humanity..  
And under set laws that control life.."After its kind".  
That record accounts for everything we see around us..  
perfectly. No contradic. with scientific fact.  
Very evident world is engineered to support life. Clear  
that life processes are orderly..controlled...so that  
no dog has kittens..not cat litter of pups. Dad & Mom  
not bit suprised when you arrived in form of human being!

4. Now..with that curiosity to probe past..look at three  
very int. areas. (a) Where did material universes come  
from? Science says: "I don't know. I wasn't there. Not  
sitting somewhere watching..(Nothing to sit on!)."  
Bible says.."God did it..by His own power and a process  
not now going on. Gen. 2:1 "The heavens and the earth  
were FINISHED." Period....No more.

Science falsely so-called? "We must push God out of picture. We have now 11 contradictory theories about it. Two of latest "Big Bang theory"... "Gas Cloud theory."

BUT...where star..gas come from? SILENCE...Or "Out of nothing "ex nihilo"..AND THAT IS NOT SCIENCE! First Law of Thermodynamics...law of conservation of matter..Nothing today is ever annihilated or created. SOMETHING NEVER COMES OUT OF NOTHING BY NATURAL MEANS. How then? (Heb. 11:3)

Evolutionist has no explanation. (Matter eternal? NO..Law of entropy..2nd...Matter disintegrates)

(b) Where did life come from? Everywhere..ev. drop of water. Science? "Not know". "Know one thing..first law of biology

Life comes only from previous life of same kind."

How originate? Complete mystery to science.

Bible? God called into being by own living power..breathed into man His own breath of life.

Evolutionist? "Somehow atoms combined by CHANCE into the fantastically complex protein molecule..and some electric power shot through it..It jumped..quivered..stood on head..wiggled and LIVED!" BUT SCIENCE STILL SAYS NO.

Read what Pasteur did and said. Clipping. \* Your mother..jar.

And today we know so much more than Darwin..early evolutionist Quite recently..electron microscope..showed us THIS Char..\*

DNA strand contains 4 billion items of information..enough to pack full a modern computer measuring 100 cubic miles!

WHERE COME FROM? Only God's Word has the answer. (New capture theory - when fantasy!)

(c) From whence came all multiplied forms of life?

What science say? "DON'T KNOW". That's a fact!

In all sciences..VIEWED SCIENTIFICALLY..there is not atom of proof that one species ever evolved into another one..

PALEONTOLOGY, ARCHEOLOGY, BIOLOGY. ZOOLOGY, ASTRONOMY, OCEANOGRAPHY, COMPARATIVE ANATOMY, EMBRYOLOGY, GEOLOGY....

GENETICS We know Entropy..2nd law..says "Down..not up." (Heb. 1:1)

\* The fossil record, much of it "arranged" to try prove line of ancestry..contains no proof..but opposite.

c/f Geologic Tables...and Cambrian outburst. Darwin stumped.

Time these tables thrown out as fake.\* HORSE

\* c/f TURTLE..COELACANTH. Not evolved at all. PLATYPUS. (SIMPSON)

Gen. 1 still perfect..indisputable answer "AFTER ITS KIND"

What about so-called fossil man? \* Again..unscientific conclusions made. Was Pithecanthropus Erectus a man? \* Eminent paleontologists disagreed..But recently modern skeletons found

in same place (Hush, hush!). ~~Vmax~~ Dr. Leakey uncovered Zinjanthropus.."ancient..most" But again modern remains in

same level. Then came Von Koenigsberg.."Pithecanthropus \*

Robustus..Meganthropus..Gigantopithecus. (Tooth found in Hong Kong drug store)...Jaw of M. constructed from tooth of G!

Then Brian Patterson..Kenya..Fossilized chunk of upper  
arm..Kenya..on SURFACE.."Older than Leakey's find!"  
"Special measurements showed about  $2\frac{1}{2}$  mill. yrs old..  
HH-1..SURMISED..5' tall..walked erect..human-like TEETH..  
small brain..large jaw!. What idiotic nonsense!  
Been many fakes..Pitldown man..40 yrs in Brit. Museum.  
One of latest..."Living Fossil"..Clipping. \*

Conclus:- 1. Skipped here and there..only touched on  
merest fragment of vast evidence.

What all mean?

That evil powers abroad to try wreck faith of men in God.  
What about you? LOOK AROUND YOU!..Rom. 1:20 There are  
multitudes of evidences of God's WORK....Bees with marv.  
abilities..Birds with migrating instincts beyond our und..  
Bats with radar..Porpoise with sonar..Whale able to dive..  
Miracle of a rose...Eye..ear..blood..heart..brain.  
AND HERE IS WORD OF GOD..miracle Book..with power to  
change life of a man...from downward way to upward path..  
transform him..save. make useful..clean..wholesome..  
YOUR WAY?

*Mayhew*
