ALBERTA — A Canadian Tax Haven?

"Residents of the Province of Alberta may soon claim that they live in the only Canadian territory that could be called a tax haven, that is, so far as Estate Tax is concerned. — This appears to be the intent of a resolution introduced in the Alberta Legislature whereby the estates of bona fide residents of that Province will have refunded to them that portion of Estate Tax returned to the Province by the Federal Government under present Federal-Provincial tax-sharing agreement." — Canada Trust Bulletin No. 191 — May, 1966.

Premier's Message: **LET'S BE FOR NOT AGAINST!**

Society today seems to abound with people who are "anti-something". Their voices are noisy and their opinions usually biased. Time and life are too precious to waste in being against things. Surely there are many causes which are worthwhile. Let's encourage and promote those movements and concepts which merit our wholehearted support. Let's be "pro" rather than "anti" — let's be positive not negative!

Your Province of Alberta holds an enviable position in Canada today. We who are fortunate enough to reside here may count many blessings. Our natural resources, our human resources, are unsurpassed.

During the 31 years the Social Credit Government has been in office, it has been "forward looking". It has worked unceasingly to attain the best possible results for Albertans in the management of their public affairs. We are reaping the benefit of many good measures and practical policies. Your Government's program will ensure Alberta's continued leadership in Canada. Join with us. Be "pro" the good things in our Province. Be "pro" the free-enterprise way of life we hold dear. Be "pro" Alberta!

Ernest Manning

AREN'T YOU GLAD YOU

A few reasons why Alberta is the best Province in Canada in which
SOME "TELLING

ALBERTANS PAY LESS

SALES TAX (Alberta has no Sales Tax)

IF Alberta had a Sales Tax equal to:

The national average
B.C., Ont., N.S., P.E.I., Nfld.
Que. or N.B.

THEN Albertans would pay:

\$ 76 million MORE
93 " "
112 " "

GASOLINE TAX (Alberta's is the lowest in Canada — 12¢ gal.)

IF Alberta had a Gasoline Tax equal to:

The national average
Manitoba
The Maritimes

THEN Albertans would pay:

\$15½ million MORE
19 " "
25 " "

PERSONAL AND CORPORATION INCOME TAX

IF Alberta's rates were equal to:

Manitoba
Saskatchewan

THEN Albertans would pay:

\$13,400,000 MORE
15,400,000 "

IF Alberta had rates equal to those in effect in Saskatchewan on Sales Tax, Gasoline Tax, Personal and Corporation Income Taxes, **THEN** we would have to pay over \$100 million MORE a year in these taxes than we pay now.

Because of proper management of our resources ALBERTA

LET'S TELL OTHERS!

President's Message:

Below are some "telling" facts about the administration of our Provincial affairs. I feel they are well worth "telling" to your friends and neighbours and to visitors from outside the Province.

As a citizen of Alberta you actually **pay less** and **receive more** than residents of other Provinces. If you feel that Alberta's resources are being developed in the best interests of all Albertans — if you believe in practical democracy working at its best — if you are vitally concerned about maintaining the rights of the individual — then join with those of us who feel that the Alberta Government under Premier Manning has these aims in mind. Support a government whose policies and principles have been instrumental in bringing about the happy state of affairs that exists in this Province at the present time, and whose pledge is to endeavour to maintain and enhance Alberta's position in the future.

COMPARISONS:

ALBERTANS RECEIVE MORE

Alberta's Municipal Property Taxes are lower than the average for Canada because:

- (1) In 1966, every home-owner in Alberta will receive a \$50.00 tax discount on his property taxes.
- (2) Alberta's grants are higher — (From 1950 to 1966, total assistance to municipalities and local authorities was \$1,571,857,686.00.
(Please note: For the same period, total oil revenues from sales, rentals, royalties. etc. were \$1,663,000,000.00.

Alberta's services are higher and taxes are lower than the average for Canada because:

The Alberta Government gives more. For example, in the field of Education:

ALBERTA	\$97 per capita	Saskatchewan	\$64 per capita
Quebec	80 " "	Manitoba	60 " "
Ontario	79 " "	Newfoundland	59 " "
		Nova Scotia	53 " "
NATIONAL AVERAGE	75 " "	Prince Edward Island	48 " "
British Columbia	72 " "	New Brunswick	40 " "

Please Note: In 1966, the Alberta Government will spend \$138 per capita on Education

ALBERTANS PAY LESS BUT ALBERTANS RECEIVE MORE
