

The Honourable, William Aberhart,
Premier of the Province of Alberta, in our loved and favored
Dominion of Canada.

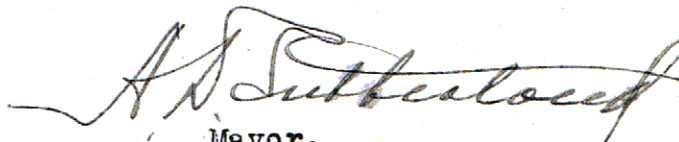

Honourable Sir :-

On behalf of the citizens of Seaforth and district I extend you a hearty and sincere welcome on this the occasion of your return for the first time since being honoured with the Premiership of the Province of Alberta, the highest political honour at the disposal of the citizens of that sunny Province. Three times in the history of this grand County of Huron have the citizens of a Canadian Province conferred this high honour on Hurons distinguished sons,- Premier Martin of Saskatchewan, Premier Gardiner also of Saskatchewan and now Honourable Sir you have brought honour to your old home town of Seaforth. Though born but a short distance from town you received your higher education at our Collegiate Institute and fared forth to do a mans work in the manliest fashion and have always been known for your utterest sincerity and honesty -you return tonight to the old fireside and to the hearts of countless friends -above all, to the heart of your gracious mother and your kith and kin.

Teaching in turn in Schools and Collegiates as master and as headmaster you have with prophetic voice spoken to a wider circle, your words and accents now being carried by the radio far beyond the walls of the temple, until now, with a daring that wins the admiration of all and believing so wholeheartedly in your program for the good of Alberta and for the Dominion of Canada that there shall be no more poverty nor hunger in a land of plenty.

Honourable Sir, with one acclaim we greet you
with one accord we wish you all success
and in the province of God, it may be your task, backed
by a superlative native ability, to lead not only the
Province of Alberta forth from the valley but also our
Dominion to the heights of prosperity and peace for one
and all.

On behalf of our loyal and devoted citizens,

Mayor.
